Program Description

At HigherSchool Tutoring we understand that education is not just teaching, but also insuring that what is being taught is being learned. We can help your child. HigherSchool Tutoring has earned a reputation for successfully helping all students improve. We have been tutoring students in Baltimore since 2005 where we now tutor one out of every 10 eligible students. This year HigherSchool Tutoring was recognized for Exemplary Services by the Baltimore City Public Schools. Our instructors are dedicated to the HigherSchool philosophy that "Every child can learn". We are not a national company but a local one that has grown carefully to insure we get it right. We take our time hiring the best people. Our proven curriculum contains over 1600 basic skills lessons in Reading, Language Arts, Math, and Science. With a custom designed lesson plan, your child will learn more effectively while developing their skills in an engaging and safe environment. We will offer your child free online tutoring and/or group instruction with over 1,600 skills lessons 2-3 days per week, up to 2 hours per day, immediately following regular classes at your child's school. In-home students have access to over 80 hours of instruction. Computers can be provided for in-home use, if needed. We will also provide your child with a healthy, hearty snack at the beginning of each tutoring session. When your child completes our entire program and improves his or her grades by at least 30%, they will be awarded a Certificate of Successful Completion. This program works.
